CHAPTER I MONTHLY GATHERING

WHEN
1st Saturday
8:30 coffee,
9:00 meeting

LOCATION
Holy Cross Lutheran Church

- From the Directors -

So the Fall colors are coming on strong.

We sure hope you getting some time to get out there and enjoy them.

We enjoyed another great Chapter I meeting yesterday with fifty-two Chapter I members and another twelve visitors from other Colorado chapters, and three new visitors. I hope you all had a chance to say hello to Frank & Patty and Maurice.

We're so glad that you all could join us!!

I need to send out a special welcome and Congratulations to two of our visitors, Steve & Tami Bender, who are taking over as Chapter Directors for Lakewood Chapter L beginning January 1st.

As for Chapter I, our next big event is our Christmas Party on the 12th of December. We are actively signing up attendees and, of course, accepting payments. This looks to be a great party with fun, food and DJ!! We look forward to seeing you there. We're also looking to put together another Chapter Shirt order (both t-shirts & Denim) if

we can get enough interest to attain the price level we want. We will have samples and a survey sheet at all the meetings. Let us know if you're interested so we can start tallying numbers.

Stay safe out there.

See you soon!!

S. E. E. Alternate Use

“If there were ever a need to be proactive, assertive and in control, it is while riding a motorcycle. Motorcyclists and scooter riders are arguably the most vulnerable motor vehicle operators on the road. According to the National Highway Traffic Safety Administration (NHTSA), when compared to operators of a passenger vehicle, motorcyclists on American highways in 2006 had a 35 times greater chance of being killed per vehicle mile traveled.” WOW!!! So we must be on our “P’s & Q’s” when riding our motorcycles. We need to use S.E.E., Search, Evaluate and Execute when we ride. Now we use this acronym all the time on the streets, roads and highways. But there is another place/area that this acronym can be used. Has anyone had a close call in a parking lot or gas station? Although parking lots, banks, gas stations, malls, restaurants, etc., have areas where cars and trucks roam freely, we still need to be careful and watch out for these vehicles. Even though we may not be killed in a parking lot, we still need to search the area, evaluate the situation and execute your decision.

FYI:

Myth: Helmets prevent hearing significant traffic noise.

FACT: This is not true. Helmets do not affect a rider's ability to distinguish between sounds. In fact, some studies indicate that helmets are useful in reducing wind noise and protecting hearing. The University of Southern California conducted 900 on-scene, in-depth investigations of motorcycle-crash scenes (the ???Hurt Study???) and did not uncover a single case in which a rider could not detect a critical traffic sound. Vision is the predominant sense for detecting hazards, not hearing.

COMMUNITY SERVICE

It is almost that time of year when Chapter I delivers bags containing small cosmetics to charity organizations in Colorado Springs. Please collect small cosmetics such as bar soap, shampoo, conditioner, toothpaste and toothbrushes to be packed into the bags. If you are running out of storage space just bring the items to the meeting and someone on the committee will store them for you.

Also, Laurie will be providing a garage for making fleece blankets to be delivered for folks to use during the winter. Watch for sales of fleece material at fabric shops. The blankets require 1-2 yards of 2 colors and if you don't want to make the blanket yourself plan to get together with other members later (Oct-Nov) for a make-it party.

******Don't forget about the Food Pantry******

We are working toward a poundage goal. So far we are short of our goal. Please bring food to the pantry during the meeting or any other time the pantry is open. Be sure the volunteers know it is donated by our chapter.
