## CHAPTER I MONTHLY GATHERING

WHEN

**1st Saturday**

8:30 coffee, 9:00 meeting

LOCATION

Holy Cross Lutheran Church

### - From the Directors -

Happy New Year Chapter-I !!

We had a great turnout for our Christmas Party last month despite the terrible winter weather. We had such a great time talking, eating, dancing and just spending time together. We want to especially thank Earl for doing a great job pulling together our Christmas party, and Glenn for doing a great job providing the music and atmosphere making it memorable. The Radisson Christmas decorations and dinner really helped to make it a very nice evening for all...we'll be back next year.

Jim and Olga Wyman are our new Membership Enhancement Coordinators, and are already coming up with some very good ideas for this year. We would like to encourage everyone to join in on the fun with the Park-n-Pass Ride Challenge. I've already started to look at the map to make riding plans!

This year's Chapter-I calendar is starting to take shape. Look for a special planning event meeting invite later this month to complete the effort. We will make this year's calendar available both in printed form and PDF within the next month.

As we think about this new year, there are several goals that we'd like to accomplish. The food pantry remains an important effort for our Chapter, and we're confident our goal of 2,000 pounds is very achievable. Rider education is a priority as well, and Chapter I is blessed with a number of new facilitators to enable this important goal. Our favorite goal is to get together for a ride and a lunch or dinner or both!

Finally, as is customary, I have some New Year Resolutions: 1) to ride more, 2) to advance in the rider education levels, 3) and to lose some weight. I'd be very happy to achieve at least #1 & #2.

We look forward to having a great New Year with all of you!

## THOUGHTS FROM THE BACK SEAT

I LOVE motorcycles, cars, trucks, motorcycles, hardware stores, auto parts stores, and did I say motorcycles?

The year I got my own tool box, pink, as you would guess, loaded with every kind of tool a girl could need, I cried I was so happy!

The first time I rode a motorcycle was when Steve and I had been married just a few months, it was a Honda 90. I was hooked, big time and so began our love of motorcycles and riding together.

Over our nearly 36 years of life together, our motorcycles have changed but never our love of riding them. The time we spend on our bike has always been like a little oasis, just the two of us. We have so many beautiful landscapes in Colorado, the setting for a "quick getaway," seems perfectly matched to motorcycle riding. There is always such a sense of oneness, so peaceful and relaxing, your whole self feels like it's saying, "aahhh."

When we joined Chapter I over three years ago, it felt like we had been given, "icing" on an already wonderful dessert. Steve and I LOVE being part of GWRRA Chapter I, thank you so very much!

If you're out and about and see us on our big yellow bike, give a big wave, you'll get a big one right back and a big smile too!

### **R. U. N . the GAME** (part 1) **The Motorcycle**

I'm going to talk about something we already know, but put a twist on it. Now that the snow is on the ground and most motorcycles have found their way to some shelter, now is the time to evaluate your motorcycle's health. **T-CLOCS**.

#### **Are you in the game ...or just on the field?**

Is your motorcycle in the game? Is it capable of doing what you want it to do or take you where you want to go? Yes, it is a Honda Goldwing, the most reliable motorcycle on the surface of the **Earth**, but the motorcycle still needs maintenance. That's where you come in to help your motorcycle. Give it the TLC (tender loving care) it deserves.

Take the time this winter to give your motorcycle the twice over and look for needed parts. Do a T-CLOCS on your motorcycle. Be ready to do the maintenance come May. Buy your parts and have them ready to put on in the Spring. How old is your battery? Can you see clearly through your windshield? When was the last time that you cleaned your air filter, just to name a few items. Also, if you have a trike, side car or trailer, you should do a T-CLOCS on those motorcycle items as well. We have all heard this information before and this is nothing new. You expect your motorcycle to work when you need it, but you cannot expect that motorcycle to work if you don't take care of it. Do your part. Maintain your motorcycle.

#### **GET IN THE GAME or GET OFF THE FIELD.**

Stay alert...Stay alive.
