## -From the Director's Desk -

It's a new year already...2018!! We're already off to a great start this year. The Noah's hosted our annual New Year's Day Breakfast ride, and from all accounts it was a great time for those that attended. Jacque and I missed the Breakfast ride, but celebrated the new year with some kind of stomach bug :-). We have our 2018 Chapter-I calendar printed and distributed already for this year, and you'll see that we have many scheduled events already planned throughout this year. We've blocked out dates for camping, rallies and other events for Chapter-I and all of the Colorado district. Be sure to go to [SpringsWings.org](http://SpringsWings.org) to get the latest event information online. Many of the events in the calendar have hyperlinks to the associated flyers for your quick reference (look for text that is underlined)

We also have a number of placeholder events looking for someone to help sponsor the events. These include the Dinner Rides, and you'll note that we have one tentatively scheduled after each chapter meeting to celebrate those folks with Birthdays that month. We also have tentative dinner rides scheduled for the middle of the month. Please let us know if you could help us get these events sponsored. It is these kinds of events that really add a lot of FUN to our chapter.

Speaking of events, we have several events approaching quickly and several have already happened. I'm running late with this month's Newsletter. Olga continues to do a great job pulling our Newsletter together, but this month has slipped by for me due to other activities (I.e. work). Last Saturday was our first Game Night of the year sponsored by Rod and Dawn Klock. I'm sure that everyone had a great time. This coming Wednesday (1/24) is our first dinner ride to Las Palmitas Mexican Restaurant sponsored by Glenn & Alexis. For more details, you can get the flyer for this event by clicking on the hyperlink in our 2018 online calendar.

We have the District Officers meeting in Denver on Saturday, January 27th. The Valentine's Eve Party scheduled for February 13th. Another opportunity for MFA/CPR training on February 17th at WY-B. And of course, we have our dinner ride placeholders looking for a sponsor or two. Please check the online calendar for the most up to date information for all our events.

We are truly looking forward to all the great things to do that makes Chapter-I a great group to ride, eat and repeat with. This is going to be a great year!

Here's to going for a ride together!  
Steve & Jacque

## THOUGHTS FROM THE BACK SEAT

WOW! Can you believe it is already 2018? Remember when we were leaving the 20th century and fast approaching the year 2000? At the time I wondered how things might change, would things be drastically different? As we all have come to find out, yes many things have changed.

We have Artificial Intelligent devices (AI's) in our homes, on our phones and our computers that can talk to us, turn lights on and off, answer questions, give directions and even sing to us if we so choose. There are doorbells and security systems that can video anyone approaching your property at any time of the day or night, alert you and even allow you to respond to whomever is at your door, no matter where you are. We now have so many computers, technology and cameras in our cars that we no longer EVER drive completely alone. Who would have imagined that in just a few short years, electric cars and soon to be, (drive itself cars,) would be our current reality!

As we begin our third year as your chapter directors, we feel so very grateful for all your continued support and encouragement. We will continue to rely on your combined wisdom, insight, strengths and creativity. In truth, THAT is exactly what makes our chapter great!

As we walk through this next year with you embracing many of the changes that have occurred in GWRRA as a whole, including it's new guidelines and directives for each of us under it's banner, Steve and I are grateful to each and every one of you that will be alongside us. You are the RI (that's Real Intelligence) that is our constant companion. As I have said before, WE could NEVER even BEGIN to accomplish anything worthwhile or good without ALL of you!

Steve and I are looking forward to another WONDERFUL year with you! Who knows, maybe in the not so distant future, directors like Steve and I will be replaced. Instead, there will be a leadership module, who has it all; much hardware, much software, much circuitry and ALL the answers! Naaaaah!!!
