Springs Wings

~ From the Director's Desk ~

I follow a few motorcycle groups on Facebook. So, I often see when folks in different parts of the country manage to sneak in a ride in the middle of winter. Some are taking advantage of a break in the weather, some are riding in snowstorms and just plain crazy! Sometimes you get a few nice days mixed in with a few wintry days all in the same week. But in Colorado, that describes Every. Single. Week. Am I right? How many of you snuck in a few rides in January?

Of course, as a group we want to not only sneak in rides when we can, we need to plan the big rides in advance.

Big rides to keep in mind this year:

- 40 to Phoenix in late March / early April
- Four Corners Rally in August
- Wing Ding in August
- Anyone else want to suggest a multi day ride? I'm up for it, with enough notice. So, let's start talking about it, and hope that the talk turns into plans turns into rides.

Speaking of rides, I'd like to share pictures of each of your rides throughout the years. Please send pictures from months, years, and decades past of your first bikes, your favorite bikes, your best memories. Pictures from the early years of Chapter I are most welcome, but we'd love to see some pre - Goldwing shots as well. I'll show some of them at meetings and we'll play some "Guess Who" and "Remember When..." games!

I'll start off by showing my current ride here, and each month I'll dig up some older and older shots.

Looking forward to seeing everyone
Saturday morning!

Springs Wings Community Service

Chapter I Community Service News

The first part of December Jacque and I delivered 40 blankets and over 100 hygiene bags to two charitable organizations. The two organizations were Urban Peak and the Salvation Army. Urban Peak is an organization that helps to get teens, from age 15 to 20, off the street for sleeping and meals. Most of us are familiar with the Salvation Army. When we delivered the items both places were very appreciative of the donations. Chapter I members do such a good job each year making blankets and donating hygiene products for the bags we prepare in November. The Community Service Committee is looking forward to another year working with organizations in the Pikes Peak Region.

Thank-you for your generosity. If You would like to be a member of this committee let Jacque or Marsha know. We welcome your ideas of how we can be of service in our community.

CPR Classes

Hello All. If your CPR card is about to expire or has expired, take the class to stay current. If you missed the January class, there will be more in February and March. See upcoming flyers for more information.

"Level III of the REP is also referred to as Certified Tour Rider/Co-Rider. It represents the commitment of the Rider and/or Co-Rider to be prepared in the event of an accident to give aid and possibly save lives. This is done by being knowledgeable in First Aid or CPR and carrying a first aid kit on their motorcycle at all times.

It would be wonderful if we could achieve the coveted goal of zero accidents, however, we know realistically, accidents will happen. Because of this, it is important to be fully prepared to lend aid to unfortunate accident victims. It is important to always be prepared to save a life. Level III of the Rider Education Program (R.E.P.) was developed to deal with such circumstances by recognizing and encouraging proper First Aid or CPR training. CPR (Cardio-Pulmonary Resuscitation), has been used to save many lives. Being trained to render CPR or First Aid is a tremendous asset to those the REP participant will come in contact with daily.

Requirement: Current in Level II and have taken either First Aid or CPR training

No cost to sign up. Patches available at \$4.00 per participant

Receive: "Certified Tour Rider" or "Certified Co-Rider" patch". (Taken from GWRRA web site)

Any questions contact Earl @ edwards_1500@hotmail.com

Thanks and ride safe.

Hello All,

VA and NC District Educators are hosting GWRRA Instructors course for 2-wheel and 3-wheel motorcycles. As some of you may know, we could use more instructors in Colorado, more especially 3-wheel motorcycle. We, as a state, have lost instructors due to illness or retirement. Please pass this on to our members to see who may be interested in being an instructor. Please read the email below for more information. Thank you in advance for your co-operation.

All District Educators:

The Districts of VA and NC are co-hosting a Rider Course Instructor Certification Program (RCICP) in the spring of 2019.

The entire RCICP consist of two parts:

- 1) The Classroom Instructor Development Module (CIDM)
- 2) The Rider Course Instructor Training (RCIT).

a. The CIDM is a one day all classroom session to develop the presentation skills needed to present a GWRRA Rider Course. This session is similar to the University Training but all Rider Course candidates must complete this training regardless of their standing as a Rider Education Presenter or a University instructor. No motorcycle is required for this portion of the training.

b. The RCIT is 4 days of classroom and range. On the 4th day the Instructor Candidates will teach a GWRRA Rider Course. A motorcycle is required for all 4 days of this training. Candidates will be required to demonstrate their riding skill on the first of these 4 days. The RCIT for the Advanced Rider Course (ARC) and the Trike Rider Courses (TRC) are held separately. These are full days, typically requiring 10 hours of time each day.

The CIDM portion of this training will take place in Highpoint, NC on Saturday March 30, 2019. This session will be for both Advanced Rider Course Candidates and Trike Rider Course Candidates.

The ARC RCIT will be held April 24-27, 2019 in Roanoke, VA.
The TRC RCIT will be held May 8-11, 2019 in Roanoke, VA.
