- Are sad that we don't get to say goodbye in person
- Are sure we'll be back for visits
- Hope that you'll drop by if you're near Berlin/Gorham, New Hampshire
- Will be making our final move over Memorial Day weekend
- Will be riding the 'Wing from CO to NH in early July; wanna come?

- You are the Best chapter in GWRRA, and the best people on two/three/four wheels!

Oh, here are the details on Pueblo camping:

A few campers plan on going to the Pueblo KOA for camping this coming weekend, May 1-3. If you'd like to join, call the Pueblo KOA at 719-542-2273, and tell them you'd like to be close to the Goode campsite. And then let Alexis & Glenn know with an email to alexisandglenn@goodewoods.com

Ride safe!

Springs Wings Assistant Directors

Happy??? Spring from your Chapter I Assistant Directors

Hope all our Goldwing members and friends are staying safe and dreadfully inside for most of the time. But what makes us endure these "stay at home orders" will be the time when ... you guessed it- riding time. Social distancing can also be riding the wing thru mountains and curves, cuz hopefully you'll be more than 6 feet apart.

On a more serious note. We will sorely miss our Chapter Directors who have done a fantastic job, as they have guided us thru some of the funnest meetings and events we'll never forget. We will miss them tremendously until that visit to NH. (Geez, Chapter Directorship isn't too bad for us right now. lol)

We all know GWRRA will survive these times so we still have events scheduled for this up coming summer for Chapter I like the Pantry and Bridge rides and many more as long as things permit.

Stay safe and like riding...always wear your protective gear, mask included.

Lookin forward to
riding with you in the near future!

Springs Wings Safety

A LITTLE SPACE, PLEASE...

By Earl Edwards

Spacing is the physical distance, usually reported in feet or meters, between the front bumper of the leading vehicle and the front bumper of the following vehicle, just like when you're driving a car, maintaining a safe motorcycle distance between you and other vehicles is one of the best ways to avoid a motorcycle crash. That being said, with the coronavirus /COVID-19 going around, people are having to yield to 6 feet away from each other.

Now this guy has gone viral!

Keeping a safe motorcycle distance

1. Don't let your attention wander while trying to keep a safe motorcycle distance
2. Use the 3-second rule
3. Consider road conditions
4. Be on the lookout for alternate routes, even if you are keeping a safe motorcycle distance
5. Don't forget about the drivers behind you

Now I have seen some vehicles, not all vehicles leave more space between vehicles. Keep in mind that not all vehicles do this and not all the time. Just enough for me to notice. This is awesome. WOW! What a concept. I hope that trend continues even after the coronavirus has gone.

(I take my Corona with a lime, thank you.)

Be safe, Be well.
